Korean Society/Société Coréenne

I am writing on behalf of the Korean Society for Eighteenth-Century Studies to submit an annual report on recent activities. I am currently serving as the vice-president of KSECS. Though we are a small society we have been quite active recently. I include in my report publications/conferences held in the last few years.

- 2014.2.28. Publication of anthology <Taste in the Eighteenth Century> (Munhakdongnae, 2014)
- 2015.5.16 Conference on "Friendship in the Eighteenth Century"
- 2016.5.21, 2016.11.12 Two Conferences on "A Walk through Eighteenth-Century Cities of the World";
a book based on conference presentations will soon be in press
- 2016.11.12 Meeting held between the executive board members of the Korean Society for Eighteenth-Century Studies and the Japanese Society for Eighteenth-Century Studies (the two societies have a long-standing, amicable history of scholarly exchange)
